

School Wellness Policy Building Annual Progress Report 2017-18

School Name: Princeton Jr/Sr High Wellness Contact Name/E-mail: Diana Baca/dbaca@glenncoe.org

TO BECOME A MEMBER OF THE WELLNESS COMMITTEE, CONTACT DIANA BACA

This tool is to document each school's progress in meeting the expectations of the district's wellness policy. Schools should document the steps that have or will be taken. The items that are completed at the district level should be pre-filled to inform all school staff of the implementation status of all goals.

Wellness Policy Language <i>(add more lines for goals as needed and change goal titles based on local policy language)</i>	Fully in Place	Partially in Place	Not in Place	List steps that have been taken to implement goal and list challenges and/or barriers of implementation.	List next steps that will be taken to fully implement and/or expand on goal.
I. School Wellness Committee					
1. We have convened a committee consisting of 2 teachers, 2 admin staff, 3 parents and 1 cafeteria manager. This committee will serve for both the Jr/Sr High School and the Elementary School.	X			The new wellness policy has been placed on the website. A presentation on the new wellness policy was made at the January 18, 2018 school site council meeting. Invitations to serve on the wellness committee were made during this same meeting.	The wellness committee will discuss ideas to increase membership at a future wellness committee meeting.
2.This committee will meet at least 4 times per year	X			We use email to invite members to meetings.	We will schedule the 2018-19 meeting schedule during the first school site council meeting of the 2018-19 year.
3.					
4.					
II. Policy Implementation, Monitoring, Accountability and Community Engagement					
1.Committee roles have been defined	X			A chair and vice chairperson were selected by the attendees of the 5/8/18 meeting.	This goal is fully implemented
2.Evaluation of the school has begun using the School Health Index Online tool (SHI@cdc.gov)		X		We have registered to use the tool. However as we began the evaluation, we realized we would need the assistance of other district members (ie PE/Science teachers) Because there are only a few weeks of school left, we have postponed the evaluation.	We will resume the evaluation in the 2018-19 school year. We will assign modules based on the expertise of various staff members. After the evaluation is complete, the wellness committee will determine goals as they relate to Section III-V of our policy.
